Judge Reverses Decision In Hockey Damage Suit

WINNIPEG (CP)—Mr. Justice A. M. Monnin in Court of Queen's Bench Friday ruled in favor of Winnipeg Warriors of the Western Hockey League in their $125,000 damage suit against Toronto Maple Leafs and Montreal Canadiens of the National Hockey League.

In his written judgment, which reverses his stand last November when he dismissed the suit, Mr. Justice Monnin found there had been a violation of contract by the two NHL clubs.

Warriors sought damages charging that the NHL teams violated an agreement with the Winnipeg club by not supplying 15 players of WHL calibre during the 1956-57 season.

No damages were set Friday. The judge said he would hear argument on the amount to be assessed next month.

In his previous judgment, Mr. Justice Monnin said that he found the plaintiff failed to produce at the trial the proper statistical evidence regarding players Earl Ingarfield, Gordon Redahl, Murray Wilkie and George Ford.

Mr. Justice Monnin said that the players supplied by the NHL clubs could be considered WHL calibre. The violation, however, was found in the fact that while 15 players were promised for the season there had been a stage when the WHL club was left two players short of the required number.

The judge ruled in his new decision that there was a breach of contract from the beginning of the season until Dec. 14, 1956.

Seven Wickets Gone In Final Test Match

MELBOURNE (Reuters) — England lost seven wickets for 191 runs Friday in the first day of the final cricket test match against Australia.

Australia, which already has won the series by taking three of the first four matches, had the English batsmen struggling for runs and only a strong eighth-wicket stand by John Mortimore and Freddie Trueman prevented a complete collapse by the visitors.

Mortimore was 41 not out and Trueman 21 not out at the close of play. The two lightly-regarded batsmen had carried the score from 128 for seven to the closing 191.

One-Year Suspension For Hitting Referee

Don Ashbee has been suspended from hockey for one year, and in spite of protests by Nanaimo Clippers the suspension is going to stick.

The suspension was announced by Leo Attwell, president of the B.C. Amateur Hockey Association. It came as a result of Ashbee's attack on referee Johnny Smith in Tuesday night's opening game of the Coy Cup playdowns with Navy at Memorial Arena. Nanaimo won, 11-8 and hosts Navy tonight for the second game.

Frank Crane, manager of the Clippers, protested the suspension, but got the following reply from Attwell.

"Nothing in your telegram to warrent player striking official. Officials say player very definitely attacked referee and so rule is definite for such action. Have had four very similar cases this year and all appeals will have to come before the annual meeting."

Crane based his appeal on what he called incompetence of officials.

Crane claimed the official score sheet read "match misconduct" instead of "match penalty" or "misconduct," and that it was changed after the game. He also protested that the referees had been appointed by Doug Fletcher, president of the Victoria Commercial Hockey League, instead of by the BCAHA.

"This has come as a blow," Ashbee said yesterday. "I find it embarrassing for hockey players to be penalized so severely when officials and executives are at fault. It seems to me that Fletcher is running the BCAHA as well as the Victoria league.

"It was Fletcher who had the penalty changed. I am more concerned about how the decision will affect my pee wee team. I hope it does not include that."

Ashbee is coaching the Lion's pee wee team in Nanaimo minor hockey association. The club is unbeaten in nine straight games, and begins playoffs next week.
